GREGOIR RÊVE + CAMERICH

ABOUT CAMERICH

Founded in 1997, CAMERICH is a Chinese furniture company integrating design, R&D and manufacturing. Adhering to the design philosophy of "simple yet refined", the brand dedicates itself to crafting timeless and durable furniture. Leveraging its CAMERICH (Beijing) R&D Campus and CAMERICH (Jiaxing) Mega Factory, the company continuously explores the "ordinary beauty" of furniture through design and craftsmanship, delivering high-quality products and services for users worldwide.

ABOUT GREGOIR RÊVE

Gregoir Rêve the new lifestyle business of Gregoir Group of Belgium, is the exclusive brand partner and whole distributor for CAMERICH across Benelux, France, and Germany, bringing the brand's contemporary vision of high-end furniture to these key European markets. Rooted in craftsmanship and innovation, Gregoir Rêve curates timeless, minimalist designs that elevate modern living spaces. Aligned with CAMERICH's philosophy of "Designed for Desire" and a people-first approach to design, we are committed to delivering an unparalleled luxury experience—where form meets function in perfect harmony. Explore the 2026 collection at the iconic Castle Diependael in Elewijt, Belgium.

How to Read Camerich Pricelist

1. Pricelist Organization:

The pricelist is organized by category: sofas, chairs, beds, etc. And then within each category it is alphabetized.

2. This is a sample of a product in the pricelist:

SOFA ELAN

(New)

- An upgraded version to the ELAN collection, providing a shallower depth
- Modular design with Arm Sofa, Armless Sofa, Corner Sofa, and Chaise in various widths to create flexible configurations
- Certain sofa components consist of wood and FU Eco Leather sofa table, unique to the Elan collection (Please see Specs for details)
- Available in Fabric, Leather, or Fabric/Leather Combo options. Fabric covers removable on Velcro

Construction:

Frame

- Steel seat, backrest and armrest frame with MDF and plywood reinforcement, covered with polyurethane foam and modelling foam
- Grey fabric lining applied over foam for fabric upholstery, leather upholstery uses a polyester fiber layer instead
- Sofa base comes standard with pre-set metal connectors

Cushion

- Seat cushions consist of solid birch with MDF and plywood bases, paired with cross-woven elastic webbing, sinuous and balance springs, topped with high-resilient polyurethane foam and polyester fiber
- Back cushions consist of channeled feather down and polyester fiber padding with high-resilient polyurethane foam center insert
- Throw cushions filled with feather down and polyester fiber
- All cushions have hidden zipper closing

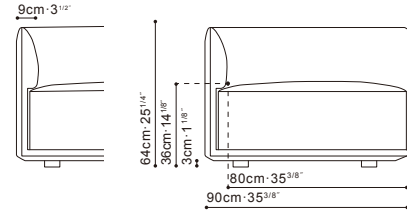

Sofa Table

- Drawer comes with invisible drawer runners with dampers

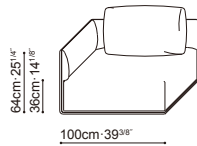

Leg

- Inset black plastic (ABS) legs giving the sofa a “floating” design

Products Care Instructions

Fabric Upholstered Products

Vacuum-clean fabric upholstered products every two weeks to minimize the presence of dust. Use a soft, gentle brush head to avoid surface scratches. Use only fabric cleansers to remove stains, but test the cleanser on back or underside areas of the product first. If more thorough washing is necessary, a professional dry cleaner is recommended.

Leather Upholstered Products

Minimize the presence of dust by gently wiping the surface with a soft cloth. To remove stains, use a clean, soft damp cloth or leather cleanser.

Cushion Inserts

Maintain shape and elasticity of cushion inserts by patting regularly. During rainy or moist seasons, or in humid environments, use a dehumidifier in the space.

Wood Furniture

Wipe furniture with a soft damp cloth in the direction of grain. In the event of a stain, use a professional cleaning agent.

Rattan Woven Products

Rattan strip crevices are prone to mold during moist seasons. To remove mold, apply light salt brine onto a soft cloth and clean strips on a regular basis.

Marble/Ceramic Products

Wipe with a soft damp cloth for daily maintenance. To remove stains, use natural cleansers and gently scrub the stains.

Metal Products

Wipe with a soft cloth to remove dust and stains. Keep products away from oily, acidic and alkaline liquids. Condensation on metal surfaces should be removed with a dry cloth to prevent rust. In the event of rust, consult a professional for assistance.
